

The new PV Series from Sharp/NEC

Cost-effective LCD-based laser projectors with interchangeable lenses

A highly economical projection solution, the **PV800UL** and **PV710UL** offer exceptional installation flexibility, low maintenance and long-life laser performance, yet remains impressively cost-efficient and conveniently compact.

The PV800UL and PV710UL offer the ideal upgrade path to transition to long-life, maintenance-free laser light source technology. Using the same mount and lenses as the lamp-based NEC PA Series projectors, operators can gain additional cost savings by utilising existing assets. For visualisation in large spaces, the PV800UL offers outstanding value for higher education, corporate, leisure and hospitality sectors.

PV800UL Laser Projector

3LCD technology generates brilliantly vivid colour, which, at 8000 Lm brightness, promotes an outstanding visual perception. A broad range of interchangeable lens options are available, alongside multiple professional adjustment features to ensure the perfect application-appropriate set-up.

Installation Projector, WUXGA, **8000Lm**, LCD, Laser Light Source

Order number: **Black: 60005601 - White: 60005578**

PV710UL Laser Projector

3LCD technology generates brilliantly vivid colour, which, at 7100 Lm brightness, promotes an outstanding visual perception. A broad range of interchangeable lens options are available, alongside essential professional features.

Installation Projector, WUXGA, **7100Lm**, LCD, Laser Light Source
